DOCTORS SAY CALOTABS ARE BEST FOR FLU

Influenza and Grippe, Like Orlinary Colds, Require Calotabs, the Perfect Calomel, That is Free From Nausea and Danger of Salivation.

Physicians and druggists claim that the great epidemic of influenza has conclusively demonstrated that the quickest cure for a cold and the best preventive of influenza and pneumonia is to keep the liver active so that the digestive organ may be in perfect condition. For this purpose, Calotaba freed from the sickening and salivating effects, is the most thorough and ependable, as well as the most agreeable laxative.

Calotabs have the special advantage of not making the patient sick and weak, as they are free from the nauseating and griping qualities and do not upset the digestion and appetite.
One Calotabs at bed time with a swallow of water-that's all. No salta no nausea, nor the slightest interference with your eating, pleasure, or work. Next morning your cold has vanished, your liver is active, and you are feeling fine with a hearty appetite for breakfast.

THE ECONOMY

CALUMET

Calumet possesses the farthestreaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles. Costs but little more than cheap powders—far more valuable in quality.

You save when you use it. Possesses twice the ordinary raising force—you use only half as much as is ordinarily required.

You save materials it is used with. Calumet never fails with any kind of recipe or with any kind of flour - always produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings. You will notice with some of the cheaper brands the bakings are soggy, heavy, dark in color, and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plant.

Best by test. A trial proves it.

Weekly Health Talks The Many Mysteries of

BY L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiarly strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rhubarb seed and get something that helps constipation. No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely in-tended for backache, headache, weakening drains, bearing-down pains, periodical ir-regularities, pelvic inflammations, and for the many disorders common to women in the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy mow that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere

James Bennett McCreary

On Tuesday morning, October 8th 1918, a messenger, whom neither barred doors-nor "Tyler's Weapon" could resist, entered the circle of our fraternity, and summoned to the higher Lodge, at the command of the Great Master-Builder, James .. Bennett Mc-Creary, long a Master Mason and distinguished member of this Lodge.

While humbly bowing to the will of the Great Architect and Master-Builder, we realize that in his death our Lodge has sustained a great loss, and our order has been deprived of one whose life and labors illustrated and commended the virtues and precepts of Free-Masonry throughout the bounds of our state and of the nation. Born in Richmond, July 8th, 1833, his life has been rich in usefulness

and honor. Few men have enjoyed such a long and successful public career.

Few men have been so signally honored by the people of their own state, or shown such fidelity in the discharge of every public trust, which not only won, but held for him thru so many eventful years, the confidence and esteem of the people.

He was honored with the highest .50 offices of trust in the gift of his state, and discharged his trust as Governor of his state, as Congressman and as United States Senator with signal ability and fidelity. His patriotism and public spirit were intense and abiding.

For nearly fifty years he was intimately conected with and influential in all the great movements looking to the advancement of the political and moral welfare of the Commonwealth, and was ever a faithful and courage-
